

Letter from the Director

A topic is at times of such significant interest to bankers and examiners that it warrants a special issue of *Supervisory Insights*. Corporate governance is one of those topics.

This special issue is a refresher on the FDIC's guidance related to corporate governance and fiduciary responsibilities, and shares thoughts on how these long-standing principles apply to the challenges and opportunities facing community bankers.

Although not intended as supervisory guidance, this issue offers information and resources to help community bank board members navigate their roles and responsibilities.

We hope you find this issue to be timely and useful. We encourage our readers to provide feedback and suggest topics for future issues. Please e-mail your comments and suggestions to SupervisoryJournal@fdic.gov.
