

SCHEDULE RC-P – 1-4 FAMILY RESIDENTIAL MORTGAGE BANKING ACTIVITIES

General Instructions

Schedule RC-P is to be completed by those banks where **any** of the following residential mortgage banking activities (in domestic offices) exceeds \$10 million for two consecutive quarters:

- (a) Closed-end and open-end first lien and junior lien 1-4 family residential mortgage loan originations and purchases for resale from all sources during a calendar quarter; or
- (b) Closed-end and open-end first lien and junior lien 1-4 family residential mortgage loan sales during a calendar quarter; or
- (c) Closed-end and open-end first lien and junior lien 1-4 family residential mortgage loans held for sale and held for trading at calendar quarter-end.

For purposes of measuring 1-4 family residential mortgage banking activities and reporting on these activities in Schedule RC-P, banks should include those 1-4 family residential mortgage loans that would be reportable as held for sale as well as those that would be reportable as held for trading.

A bank must complete Schedule RC-P beginning the second quarter in which the \$10 million threshold is exceeded and continue to complete the schedule through the end of the calendar year. Open-end mortgage banking activities should be measured using the “total commitment under the lines of credit” as defined below. For example, if the bank’s closed-end and open-end first and junior lien 1-4 family residential mortgage loan originations and purchases for resale from all sources exceeded \$10 million during the quarter ended June 30, 2017, and the bank’s sales of such loans exceeded \$10 million during the quarter ended September 30, 2017, the bank would be required to complete Schedule RC-P in its September 30 and December 31, 2017, Call Reports. The level of the bank’s mortgage banking activities during the fourth quarter of 2017 and the first quarter of 2018 would determine whether it would need to complete Schedule RC-P each quarter during 2018 beginning March 31, 2018.

For purposes of Schedule RC-P, closed-end 1-4 family residential mortgage loans are defined in Schedule RC-C, part I, item 1.c.(2), “Closed-end loans secured by 1-4 family residential properties.” Open-end 1-4 family residential mortgage loans are defined in Schedule RC-C, part I, item 1.c.(1), “Revolving, open-end loans secured by 1-4 family residential properties and extended under lines of credit.” These Schedule RC-C definitions also apply to closed-end and open-end 1-4 family residential mortgage loans that would be reportable as held for trading in Schedule RC-D and in Schedule RC, item 5, “Trading assets.”

For purposes of reporting on open-end loans extended under lines of credit in Schedule RC-P, the “total commitment under the lines of credit” is defined as the total amount of the lines of credit granted to customers at the time the open-end credits were originated. For retail and wholesale originations of such open-end loans, the “principal amount funded under the lines of credit” is defined as the initial fundings made to customers on newly established lines of credit. For open-end loans purchased, sold, held for sale or trading, and repurchased or indemnified, the “principal amount funded under the lines of credit” is defined as the principal balance outstanding of loans extended under lines of credit at the transaction date or at quarter-end, as appropriate.

Item Instructions**Item No. Caption and Instructions****1 Retail originations during the quarter of 1-4 family residential mortgage loans for sale.**
Report the total of:

- The principal amount of retail originations of closed-end first lien and junior lien 1-4 family residential mortgage loans for resale during the calendar quarter ending on the report date, and
- The total amount of open-end commitments under retail originations of revolving, open-end lines of credit secured by 1-4 family residential properties for resale during the calendar quarter ending on the report date.

Include as retail originations those closed-end and open-end 1-4 family residential mortgage loans for which the origination and underwriting process was handled exclusively by the bank or a consolidated subsidiary of the bank. However, if the reporting bank is acting merely as a broker or agent and forwards loan applications and supporting documentation to another party who closes or funds the loans in its name (even if the reporting bank has some involvement in processing and underwriting the loans), the reporting bank should not report these loans as originations or purchases in this schedule.

Exclude closed-end and open-end 1-4 family residential mortgage loans originated or purchased for the reporting bank's own loan portfolio.

2 Wholesale originations and purchases during the quarter of 1-4 family residential mortgage loans for sale. Report the total of:

- The total amount of open-end commitments under wholesale originations and purchases of revolving, open-end lines of credit secured by 1-4 family residential mortgage properties for resale during the calendar quarter ending on the report date.

Include as wholesale originations and purchases those closed-end and open-end 1-4 family residential mortgage loans for resale for which the origination and underwriting process was handled in whole or in part by another party, such as a correspondent or mortgage broker, even if the loan was closed in the name of the bank or a consolidated subsidiary of the bank (often referred to as "table funding arrangements"). Also include acquisitions of closed-end and open-end 1-4 family residential mortgage loans for resale that were closed in the name of a party other than the bank or a consolidated subsidiary of the bank. However, if the reporting bank is acting merely as a broker or agent and forwards loan applications and supporting documentation to another party who closes or funds the loans in its name (even if the reporting bank has some involvement in processing and underwriting the loans), the reporting bank should not report these loans as originations or purchases in this schedule.

Exclude closed-end and open-end 1-4 family residential mortgage loans originated or purchased for the reporting bank's own loan portfolio.

Item No. Caption and Instructions**3 1-4 family residential mortgage loans sold during the quarter.** Report the total of:

Include transfers of closed-end and open-end 1-4 family residential mortgage loans originated or purchased for resale from retail or wholesale sources that have been accounted for as sales in accordance with ASC Topic 860, Transfers and Servicing (formerly FASB Statement No. 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities," as amended), i.e., those transfers where the loans are no longer included in the bank's consolidated total assets. Also include all sales during the quarter of closed-end and open-end 1-4 family residential mortgage loans directly from the bank's loan portfolio. For further information, see the Glossary entry for "transfers of financial assets."

4 1-4 family residential mortgage loans held for sale or trading at quarter-end. Report the total of:

- The carrying amount of closed-end first lien and junior lien 1-4 family residential mortgage loans held for sale or trading as of the quarter-end report date, and

These closed-end loans and the funded amounts under these revolving, open-end lines of credit are included in Schedule RC, item 4.a, "Loans and leases held for sale," and Schedule RC, item 5, "Trading assets." Closed-end loans held for sale should be reported at the lower of cost or fair value or at fair value consistent with their presentation in Schedule RC, item 4.a. Closed-end loans held for trading should be reported at fair value consistent with their presentation in Schedule RC, item 5. Closed-end and open-end 1-4 family residential mortgage loans held for sale or trading at quarter-end include any mortgage loans transferred at any time from the bank's loan portfolio to a held-for-sale account or a trading account that have not been sold by quarter-end.

5 Noninterest income for the quarter from the sale, securitization, and servicing of 1-4 family residential mortgage loans. Item No. Caption and Instructions**6 Repurchases and indemnifications of 1-4 family residential mortgage loans during the quarter.**

As a result of its 1–4 family residential mortgage banking activities, a bank may be obligated to repurchase mortgage loans that it has sold or otherwise indemnify the loan purchaser against loss because of borrower defaults, loan defects, other breaches of representations and warranties, or for other reasons. Report the total of:

- The total principal amount outstanding as of the date of repurchase or the date of indemnification, as appropriate, of closed-end first lien and junior lien 1-4 family residential mortgage loans previously sold by the bank or a consolidated subsidiary subject to an obligation to repurchase or indemnify that have been repurchased or indemnified during the calendar quarter ending on the report date, and
- The total amount of open-end commitments under revolving, open-end lines of credit secured by 1-4 family residential properties as of the date of repurchase or the date of indemnification, as appropriate, that have been repurchased or indemnified during the calendar quarter ending on the report date.

Do not reduce this amount by any third-party indemnifications or reimbursements that the bank has received.

Repurchased 1-4 family residential mortgage loans include loans that the bank (or a consolidated subsidiary) had sold but subsequently repurchased under repurchase obligation provisions of the sales agreement because of a delinquency, noncompliance with the sellers' representations and warranties, fraud or misrepresentation, or any other contractual requirement. Exclude 1-4 family residential mortgage loans that have been repurchased solely at the discretion of the bank (such as delinquent mortgage loans backing GNMA mortgage-backed securities), i.e., where the sales agreement contains a repurchase option (which may be conditional), but not a repurchase obligation.

Indemnifications of 1-4 family residential mortgage loans are limited to reimbursements to loan purchasers or other third parties for credit losses on loans that the bank (or a consolidated subsidiary) has sold. Include reimbursements made on loans where the bank has agreed with the purchaser or other third party not to repurchase the loan as required under the sales agreement, but rather to guarantee that no credit loss is sustained. Indemnifications also include loans for which payments have been made by the bank (or a consolidated subsidiary) to purchasers or other third parties as reimbursements for deficiency balances arising from sales of real estate collateral (whether or not foreclosed) on loans that the bank (or a consolidated subsidiary) has sold. Exclude indemnification arrangements that are limited to reimbursements of legal fees or administrative costs.

7 Representation and warranty reserves for 1-4 family residential mortgage loans sold.

When an institution sells or securitizes mortgage loans, it typically makes certain representations and warranties to the investors or other purchasers of the loans at the time of the sale and to any financial guarantors or mortgage insurers of the loans sold. The specific representations and warranties may relate to the ownership of the loan, the validity of the lien securing the loan, and the loan's compliance with specified underwriting standards. Under ASC Subtopic 450-20, Contingencies – Loss Contingencies (formerly FASB Statement No. 5, "Accounting for Contingencies"), an institution is required to accrue loss contingencies relating to the representations and warranties made in connection with its mortgage securitization activities and mortgage loan sales when it is probable that a loss has been incurred and the amount of the loss can be reasonably estimated.
